

LAKE COUNTRY CLASSICAL ACADEMY

DAY OF GIVING

LCCA's Board of Directors recently conducted a comprehensive review of school security measures and protocols, unanimously affirming their robust and forward-thinking design. The endorsement underscores our unwavering commitment to creating an environment where every child is safe and secure. LCCA is moving forward with additional measures, including armed security, understanding that such a measure comes at a significant cost.

Make a difference by contributing this year toward school safety and security. Your generous support will help reimburse LCCA for and/or pay for a variety of essential security needs.

DONATE TODAY ➔

SAFEGUARDING EXCELLENCE

LCCA has already invested in essential new equipment. Each is highlighted below. This year, our Day of Giving drive will directly reimburse these vital purchases, as well as support costs associated with hiring security personnel, ensuring our resources remain focused on academic excellence and student well-being. All additional funds will be used toward operational expenses, including but not limited to additional school safety supplies and security measures.

PRIVATE SCHOOL SECURITY PROFESSIONAL

LCCA has board approval to move forward with hiring armed private school security. Donated funding will assist in covering the cost of this safety measure.

OUTDOOR BARRICADES

Outdoor parking lot barricades have been purchased to block the playground and assembly area around the East Campus.

SCHOOL-WIDE WALKIE TALKIES

To ensure immediate safety communications, LCCA purchased a new walkie-talkie system for all staff and faculty.

EMERGENCY EVACUATION KITS

LCCA plans to purchase emergency evacuation kits, one for each campus. Each kit will contain a full array of items needed in the event of a school evacuation and subsequent reunification process.

PLEASE DONATE TODAY!

Checks made payable to LCCA may be mailed to or dropped off at either campus.
