

# LCCA SENIOR SPOTLIGHT

Class of 2026 | John Calvin Walker

*John Calvin Walker*

## LCCA SENIOR

I loved the people in and around LCCA. A curriculum is only as good as the people teaching it, and teachers can only be as good as their students allow. Both the students and teachers have been so much fun to get to know.

**WHAT HAVE YOU LOVED MOST ABOUT LCCA?**

**WHAT WAS YOUR FAVORITE CLASS AT LCCA?**

My favorite class at LCCA was eighth-grade history. My classmates were incredible, and the material was incredibly entertaining. Also, I enjoyed all of my math classes over the last five years.

Start trying your best in school now. The later you begin to put effort into school, the harder it is to achieve your potential.

**WHAT ADVICE DO YOU HAVE FOR YOUNGER SENTINELS?**

**WHAT ARE YOUR FUTURE PLANS AFTER GRADUATION?**

I plan to attend college. I will study material science and engineering, as well as pre-med. Then, I will attempt to go to medical school and become a doctor.

Freshman year, my friends and I plastered political poster cartoons over our government teacher's wall for April Fool's day. He left them up for a while and so the fun was spread over that time.

**WHAT WAS YOUR FUNNIEST MOMENT AT LCCA?**

**WHAT IS YOUR MOST IMPACTFUL LCCA MEMORY?**

My most impactful LCCA memory was spending time with the people who surrounded me. I cannot think of one memory that is particularly impactful, but I know the sum of these memories have changed who I am as a person.

I am incredibly grateful for all the time the teachers have put in. They have supported me a tremendous amount and allowed me to flourish in my time at LCCA.

**SHARED WORDS OF GRATITUDE.**
